**RESOLUTION ADOPTED AT A MEETING OF THE
BOARD OF TRUSTEES HELD MAY 4, 1914.**

The Trustees of St. Luke's Hospital desire to express their deep regret at the death of their fellow-member of the Board, Mr. David B. Lyman, and their warm appreciation of his services so freely and efficiently given to the work of this Hospital.

Mr. Lyman was a Trustee for twenty-four years, and during that time transacted nearly all the legal business of the Hospital, often times at great labor and inconvenience to himself, and always without personal remuneration. A trained and careful lawyer, he guarded well the interests of this institution; and St. Luke's owes to him not only a great debt of gratitude, but also much freedom from anxiety, the clearing up of many difficulties, and no little permanence of prosperity.

His attendance at the meetings of the Board was marked with that regularity which characterized his whole career. To its counsels, he contributed helpfully of his experience and foresight. He was active in the work of the Committees to which he was appointed; and the Trustees feel that his place cannot be easily filled.

The Trustees would record their esteem and regard for him personally as a friend of loyal and unselfish devotion, and a man of the noblest integrity. Gathered to his father in the fulness of years, he leaves behind him a memory that will long be cherished, and a name that will stand for virtues and good works beautiful in themselves and most helpful in their influence on the world.

FIFTY-SECOND ANNUAL REPORT OF THE PRESIDENT.

To the Board of Trustees of St. Luke's Hospital:

The Hospital year just ending has not been marked with any especially noteworthy incidents. The financial condition of the Institution, as set forth in the report of the Auditors, is in the main satisfactory, but offers no solution of the old problem of ways and means for extending the facilities of the Institution in the matter of caring for more ward patients or of providing for nurses, internes and employes.

The demand for free accommodations is greater than for years past. This is especially true with regard to children. There appears to have been a general awakening with regard to the importance of correcting defects, so far as is possible, in young children. This brings to our doors, large numbers of children to be operated on for ailments of the nose, throat, eyes, ears and teeth. In a large proportion of these cases, the little patients are treated and sent home, after a stay of only a few days. There is another class, however, those suffering from diseases of the bones, paralysis of the muscles and various deformities, who require prolonged treatment and care. Probably no one questions that this phase of hospital work is as much worth while as any which we do, and it is certainly a matter to be regretted that we have less than one-third the number of beds, which could be properly used in this department.

At this point, I desire to bring to your attention, the rather remarkable results which are obtained in the Kindergarten work, which is carried on in the Florence Ward. The improvement in the conduct and general mental condition of many of these children is very marked, even when they remain only a relatively short time.

The women's wards are consistently filled up to the

limits imposed by rules of the Department of Health, and many are refused admission because there are no vacancies.

The most disquieting feature of the year is perhaps the fact that the charitable support from churches and individuals has sunk almost to the vanishing point. It is truly remarkable that an institution, which has grown to the point where it treats seven thousand eight hundred and ninety patients, of whom two thousand seven hundred and forty are wholly free per annum, should encounter any difficulty in securing the substantial support of the public—not alone for current expenses but for additions to the endowment fund and to the cost of additions to the plant.

The work of the Hospital has progressed along the same channels as in recent years, an effort being made to treat as many free patients as our income and space would permit, and with no effort to fill beds in the open wards with pay patients.

It is my duty again to speak of the efficient work of the Woman's Board and its Committees, and to express our appreciation of their efforts.

I desire to give expression to my keen appreciation of the interest shown by all connected with the Hospital, and especially for the efficient services rendered by our Superintendent and by the Officers, and all persons employed under their direction.

Reference is made to the various Reports which follow as to details of the work of the Hospital.

WILLIAM J. BRYSON,
President.

SUPERINTENDENT'S REPORT.

I beg to submit herewith my report for the fiscal year ending September 30, 1914. The report of the Auditor's as to the financial outcome of the year, will doubtless be acceptable, although it reflects in some degree the general business condition of that period. A decrease is shown in the returns from real estate, which is due to vacant storerooms in the Saranac and the use of more apartments for nurses. The Hospital earnings show an increase, which is rather unexpected as we have given more space to free patients than ever before.

The statistical figures which follow show an increase in the number of persons treated from seven thousand four hundred and eighty to seven thousand eight hundred and seventy, also a small increase in the number of patient days. Of the patients admitted, two thousand seven hundred and forty were wholly free, and approximately thirty-nine per cent of the patient days were free.

The old trouble of insufficient room for nearly all purposes is being felt more strongly than ever in the older buildings. The ward beds are filled practically all the time, and with the greatest care in expediting the work and eliminating chronic and incurable cases, the number is inadequate.

It has been necessary during the past year, to expend a considerable sum in the older buildings in order to conform to the requirements of the various laws and ordinances, and a further expenditure of five to ten thousand dollars will be required during the next few months.

The work of the Hospital has run along smoothly with but few changes, but each year brings with it

the necessity for the expansion of old departments or creating new ones.

The details of the year's work may be found in the statistical figures and reports which follow.

LOUIS R. CURTIS,
Superintendent.

Respectfully submitted,

MARGARET E. JOHNSTONE, R. N.,
Directress of Nurses.

CHAPLAIN'S REPORT.

To the Board of Trustees, St. Luke's Hospital, Chicago:

GENTLEMEN:—The month of November will complete the fifteenth year of my incumbency as Chaplain of St. Luke's.

During the past year the daily service in the chapel has been maintained with few interruptions. The usual services have been held in the open wards, also, and were much appreciated by the patients.

I have baptized three adults and nineteen infants, officiated at four marriages and ten burials and presented six members of the Training School for confirmation. Have administered the Holy Communion in private ninety times.

A great part of my time has been spent in visiting patients throughout the hospital and ministering to them in such ways as, in my judgment, would supplement the work of the attending physician and advance their spiritual interests. For the most part my work is of such a nature that its best results find no adequate expression in statistics and reports. Not a little practical social service work has been done during the year. As the years of my chaplaincy multiply my follow-up work increases. I keep in personal touch with many of whom I have ministered in the hospital. With scores I communicate by letter. So my influence with many individuals does not cease on their discharge.

Through this medium I desire to acknowledge my obligation to members of the medical staff and the nurses for their hearty co-operation in by work, upon which its success depends very much.

To those who have made contributions of books and periodicals to our library I wish to express sincere thanks, personally, and on behalf of the patients who have enjoyed the reading.

Respectfully,

GEORGE DEMING WRIGHT,
Chaplain.

...RULES...

AS TO ROOMS, BEDS AND ENDOWMENTS,

**SUBJECT TO THE RULES GOVERNING THE
ADMISSION OF PATIENTS TO THE HOSPITAL**

1. A donation of \$10,000 endows a private room in perpetuity, and the endower shall have the privilege of naming the room.
2. A donation of \$5,000 endows a bed in an open ward in perpetuity.
3. A donation of \$300 supports a bed in an open ward for one year.
4. A donation of \$3,000 endows a bed in an open ward during the life-time of the donor.
5. Any room not endowed may be granted by the Trustees to the endower of a bed during his life-time, and he may, during that period, enjoy all the privileges accruing in perpetuity from the endowment of the room, in addition to the perpetual privileges accruing from the endowment of a bed. An additional endowment of \$5,000, at any time, shall endow said room in perpetuity.
6. Any room, not endowed and not granted as provided in Section 4, may be granted by the Trustees, to the supporter of a bed, and he may, during the year in which he supports the bed, enjoy the privileges accruing in perpetuity from the endowment of a room, subject to termination at the close of any year.
7. No ward, or other division of the Hospital, shall be named without action of the Trustees.

NOTE.—The endowment of a bed entitles the endower to nominate one patient at a time to an open ward bed free of charge at any time when there is such a bed vacant, and, if all the beds are filled, to the preference over other applicants when a bed becomes vacant.

If an endower desires any service from the Hospital in excess of that furnished the open wards, a bill will be rendered at current rates, and the current ward charge, which is at present \$10.00 per week, will be credited to the endower on the bill.

The endower of a bed in perpetuity has the right to name a successor, which right to name a successor shall belong to each successor. If an endower or his successor fails to name a successor it will be deemed to lodge the right in the Trustees of the Hospital, who will thereafter exercise the right of nomination to the endowed bed.

**THE PERSONS NOMINATED TO FREE BEDS SHOULD BE
WORTHY SUBJECTS FOR SUCH CHARITY.**

LIST OF SUPPORTED BEDS.

...Private Rooms...

The private rooms of the Hospital are maintained for the benefit of those who desire superior accommodations and are able to pay the Hospital charges in full.

The reputable and otherwise acceptable physicians of the city are invited to treat their patients in the private rooms. They will have at their disposal all the facilities of the institution.

RATES:

Rooms (2 and 3 beds), \$14 to \$20 each bed per week. Single rooms \$20 and upward per week. Special Nurse, undergraduate, \$15 per week. Special Nurse, graduate, \$25 per week.

A charge of \$10 is made for use of delivery room for Obstetric cases.

Rates are the same whether the patient be a child or an adult.

The rates named include room, board, ordinary medicines and dressings, the services of the nurse of the ward, and of the House Staff. All fractions of a day will be charged for as a day.

An extra charge will be made for examinations made in the Pathological Laboratory and X-Ray Laboratory, for the use of the operating room, for the services of special nurses when they are required, either by order of the Attending Physician or Surgeon, or to meet the demands of the patient, and for all extraordinary articles of diet, wines, medicines, apparatus, dressings, etc.

Friends of patients will be accommodated with room and board (the regular bill of fare only) when conditions will permit. The rate for any room will be the same as though occupied by a patient.

Personal clothing will not be furnished patients, nor will patients' clothing be laundered.

The Hospital will not be responsible for money or valuables unless they are deposited in the office for safe keeping.

Visitors will be admitted between the hours of 10 A. M. and 9 P. M., unless their presence is deemed prejudicial to the welfare of the patient.

Complaints should be made directly to the Superintendent.

All bills are payable strictly in advance.

...Open Wards...

The maximum rate is \$10 per week. Patients are admitted at reduced rates or free when circumstances warrant it.

AS TO FEES:

Pay patients should make their own arrangements as to fees with the members of the Medical Board by whom they are treated.

"No member of the Attending Staff will make any charge for professional services for attendance upon any patient who does not pay in full the Hospital charge for board, room and nursing; where the patient is nominated by the endower of a bed or room, but is nevertheless able to pay for the services of the physician or surgeon in charge, physicians' or surgeons' fees may be charged, if in the discretion of the Hospital authorities it is thought just and proper.

"The services of the Attending Staff are gratuitous to all patients who, in the judgment of the Hospital authorities, are unable to pay for the same.

"No officer, interne, nurse or servant is allowed to receive any fee or gift from a patient without the formal permission of the Board of Trustees."

REPORT OF THE PRESIDENT.

I take pleasure in submitting herewith my Annual Report of the Woman's Board of St. Luke's Hospital.

The work accomplished by the different Committees has been most satisfactory. Some of them showing increased results over the previous twelve months. One new Committee has been formed and will be operating during the coming year.

I desire to thank the Members of the Board and the friends of the Hospital for the kind co-operation and generous gifts.

Respectfully submitted,

MARIE OWENS CRERAR,

President.

Free and Part Pay Patients

The Hospital cares for an average of about one hundred and twenty wholly free patients and will, when there are vacant beds in the open wards, receive patients whose means are limited for any sum which they may be able to pay, and those without means as free patients, provided they are admissible under the rule governing the admission of patients.

Applications for the admission of patients, who are unable to apply in person, must be made prior to sending them, and should be made between the hours of nine A. M. and five P. M. All promises of admission are made subject to the result of an examination, as to admissibility, on their arrival at the Hospital.

Persons making application on behalf of others should be able to furnish concise information on the following points:

The nature of the disease or injury.

The duration of the disease or the date of the injury.

Present condition of the patient.

What treatment if any has been received?

Is the patient able to pay the full rate, or pay in part, or is he or she a proper subject for admission as a free patient?

Patients will in the usual course be received only between the hours of nine A. M. and five P. M., but emergency cases will be received at any hour.

EXTRACT FROM THE RULES.

"The Hospital is for the treatment of acute, curable, non-contagious diseases and injuries. The following are inadmissible: Sufferers from contagious, dangerously infectious, or incurable diseases, cancers of an incurable and offensive nature, drug habits, delirium tremens, insanity, venereal diseases, phthisis and persons whose presence in the wards would be prejudicial to the welfare of the other patients."

"Patients who refuse to accept the treatment prescribed by the Medical Staff, or refuse to comply with the reasonable instructions of the physicians or nurses, or who wilfully violate the rules of the Hospital will be discharged."
